

**CLINICAL CASE DISCUSSIONS OF HEART FAILURE:**

# Looking Beyond the Hazard Ratio and P-value

Learning from Neutral Randomized Trials and Observational Data in Heart Failure.

**PART I** LOOKING BEYOND THE HAZARD RATIOS: NEUTRAL RANDOMIZED CLINICAL TRIALS IN HEART FAILURE

- 14H** Welcome
- 14H05** **Why a meeting about neutral clinical trials in heart failure? What and how can we learn from them?**  
Presenter: Mário Santos (CHUP)
- 14H20** **65 yo male, ischemic HFrEF, LVEF 25%, apical and anterior akinesia, EKG with sinus rhythm. Should we prevent stroke? How can we do it? Considerations on COMMANDER-HF.**  
Presenter: Joana Pimenta (CHVNG)      Discussant: Irene Marques (CHUP)
- 14H50** **68 yo male, anterior STEMI, LVEF 40%, asymptomatic. How can we prevent heart failure? Considerations on PARADISE-MI.**  
Presenter: Mário Santos (CHUP)      Discussant: Alexandra Sousa (HSMM)
- 15H20** **70 yo female, NYHA II FC HFpEF, already on iSGLT2. Can we further optimize her treatment? Considerations on TOPCAT and PARAGON-HF.**  
Presenter: Rui Baptista (CHEDV)      Discussant: Ana Baptista (CHTMAD)
- 15H50** **70 yo male, critical stenosis of proximal LAD and Cx, LVEF 30%. How should we treat his coronary disease? CABG, PCI or meds? Considerations on STICH and REVIVE-BCIS2.**  
Presenter: Roberto Pinto (CHSJ)      Discussant: Daniel Caeiro (CHVNG)
- 16H20** **60 yo obese female (BMI 32 Kg/m2), ischemic HFrEF, NYHA II FC, LVEF 25%. Her Endocrinologist wants to start her on a GLP-1 analogue. Is it safe? Considerations on LIVE and FIGHT trials.**  
Presenter: João Neves (CHSJ)      Discussants: Mariana Monteiro (ICBAS), Maria Trêpa (CHUP)
- 16H50** Coffee-break

**PART II** KEYNOTE LECTURE: REAL-WORLD DATA IN HEART FAILURE

- 17H** **How do elderly progress to heart failure with preserved ejection fraction? What have we learned about HFpEF from observational data? A story-based on the ARIC cohort.**  
Presenter: Amil M. Shah (Harvard Medical School/Brigham and Women's Hospital, USA)  
Discussant: Patrícia Rodrigues (CHUP), Ricardo Fontes Carvalho (CHVNG)
- 17H25** Wrap-up messages
